# FPI Sign and Specialty Graphics

## Routed Seal Program

### AVAILABLE IN:

### Applied Metal Finish & Full-Color Structural Polyurethane Foam

SHORTER LEAD TIME!

NEW LOWER PRICING!

NEW BRONZE SEALS!

These three-dimensional seals are constructed of environmentally friendly, 18 pound structural high density polyurethane foam and are available in five attractive metal coating finishes, or hand painted with epoxy resin coatings for full color products. The seals are wear resistant and colorfast throughout the  $\frac{3}{32}$ " thick finishes. UNICOR utilizes automotive grade lacquers and primers on all sign surfaces. We can color match to meet custom color specifications, and incorporate UV inhibitors and coatings for products intended for exterior applications.

Seals look and feel like real cast metal without the cost, weight or installation issues. These seals are ideal for lobbies, conference rooms or any federal agency public space. The foam seals are lightweight, and delivered ready to install in either interior or exterior applications. (Exterior signs require a UV inhibitor to prevent fading or color change.)

Call Customer Service at **(800) 827-3168** to place an order for your agency's seal. For a free quote, to discuss a custom requirement or if you don't see what you want, email **[metal\\_sales@central.unicor.gov](mailto:metal_sales@central.unicor.gov)**. They can assist you with selection, pricing and order placement as well as technical and warranty information.

### Styles & Sizes for Seal Reproductions

#### Applied Metal Finish or Full Color Foam Seals

**18" (1 LBS)    24" (4.5 LBS)    30" (7 LBS)    36" (10 LBS)**

**48" seals available as a special order.**
